**ALBERTA AND ROYAL HOTELS LOSE LICENSES**  
A sitting of the board of license commissioners was held at the city hall on Wednesday of this week to consider the application for annual licenses of hotels and wholesale houses in this district. The officers in attendance were Chief License Inspector Foster, Commissioners St. George, McEachern, and Inspector Parker.  
After considering the petitions, an announcement was made that the applications of the Albert Hotel, Wetaskiwin, and F. A. Drager, of the Royal Hotel, Wetaskiwin, would not be recommended, as the past conduct of these houses has not been satisfactory, and that they were not required for public consumption.

The application of D. V. Coburn of the Criterion Hotel was recommended subject to his completing the alterations which are now in progress.  
The application of J. Zimmer of the Prince of Wales was adjourned to May 7 at Edmonton, but this will likely be recommended after certain improvements are made to the building.  
The applications of the Grand Hotel, Limited, and R. J. Thompson for wholesale were conditionally recommended.  
The application of McIntyre & McIntyre, of the Alberta Hotel, Daysland, was recommended during the currency of the lease only. This expires in November next.  
All the other applications considered at this sitting were recommended.

**SERIOUS FIRE AT PONOKA**  
Ponoka was visited by a devastating conflagration last evening when the young folks of the community as well as the large general store of Alagar & Co. and other business places were totally destroyed. A request was sent for the Wetaskiwin brigade to go to their assist. They came, but just as the boys were about to take the train, word was received that the fire was under control. It is understood that the first alarm of Alagar & Co. of which J. A. Kerr, formerly of this city, is a member, are heavy losers, and much sympathy is extended to Mr. Kerr in his loss.

\*Don't forget our store is closed all day Tuesday to mark down goods for the big sale which opens Wednesday, May 13, at 8:30 a.m. Be sure and be there at the opening. T. K. Keil-Sales Co., selling entire stock.

**BASEBALL CLUB ORGANIZED**  
An organization meeting of the Wetaskiwin Baseball Club was held in the city hall on Tuesday evening with a fair attendance. The officers for the season were elected as follows:  
Hon. Pres.—Mayor Eliza.  
Pres.—D. J. McKitterick.  
Vice Pres.—N. Grant.  
Sec. Treas.—N. Clytt.  
The executive committee will be composed of the President, Vice President, Sec. Treas. and T. J. Donnelly and N. A. McEachern.  
It was decided to form a local league, which will be composed of four or five clubs, and after another meeting of the club on Wednesday evening next, a schedule will be drawn up, and the games will commence.

**Town Topics**  
Sunday was the most disagreeable day experienced in the history of the oldest pioneers of the district. With the snow of Saturday night and the rain of Sunday, the sewer system of the city was taxed to handle the water which accumulated. Many of the cellars in the lowest part of the town contained water.

Mr. and Mrs. D. L. Robo and son Walter, left on Wednesday evening for three months' trip to visit friends in Kansas and other places in Uncle Sam's domain. Mr. Robo has not been enjoying good health for some time and his trip is in the care of his brother, who is an eminent physician in Kansas, during his absence.  
Before leaving for the Old Country, W. L. Warras called at the Sentinel office to show a few relics which he gathered since coming to this country. They consist of a leg bone of three species of rabbit—jack rabbit, cottontail and the common rabbit (the first two species were taken in Utah around here); the feet and a horn of an antelope which was shot in a shot gun in the early days. A copy of the Sentinel when it consisted of four pages, measuring 11 by 15 inches, and the Wetaskiwin Times, dated May 1st, 1901—Sedgewick Sentinel.

The regular monthly meeting of the W.C.T.U. was held at the school room on Tuesday evening. After the transaction of business a beautiful poem of Miss Crawford, read by Miss Ramsey, was read by Miss Ramsey. Miss Bradley and Miss Pratt gave exceedingly instructive papers on drunkenness. Mrs. Bradley's paper dealt with causes of drunkenness and Miss Pratt suggested some preventative. An animated discussion followed. After the close of the meeting the members were entertained by the W.C.T.U. at Knight's table.

A special meeting of the Board of public school trustees was held on Monday evening to consider the report for the work of changing the heating system of the Alexandra School. When the twelve trustees were opened it was found that the price ranged from \$7,800.00 to \$12,400.00. It was decided to accept the lowest tender, that of Johnson & Coughlan, of Camrose, and a contract has been entered into. When the plant is installed the Alexandra school will be heated and lighted with the latest, modern scientific heating system, which is recommended by leading authorities of the day. The price at which this contract is let is considered to be exceedingly low, and the board is fortunate in having the work done so cheaply.

The recently issued order by the post office department, which held that all letters containing coin that were transmitted through the mails were to be sent to the dead letter office unless registered, has been suspended. The new regulation causes much adverse criticism throughout the country, and a few days ago the deputy minister stated that he was going to one dollar would be accepted unregistered. An order has now been given that letters containing coins are to be forwarded in the post office in a plain manner. At the Ottawa post office a large number of letters which infringed the rule were sent to the dead letter office and eventually returned to the senders. The amended regulations will be in force immediately, or at least until the public are more generally acquainted with the proposed alteration—Exchange.

The regular monthly meeting of the W.C.T.U. was held at Mrs. Knight's parlors on Tuesday evening and assumed the novel form of a birthday party. Invitations in the form of little silent bags containing an original poem of instructions, were sent out, which resulted in an attendance of fifty, and a collection of \$30.00. Ladies do to tell their names, but some were contented according to the tale of the poem. The meeting was presided over by Mrs. Knight, and all of the meetings were full of instruction and help. A paper on the aims of the W.C.T.U. was read by one of the members, and after a short business, a choice program was rendered. As a pleasant surprise, the young ladies of the W.C.T.U. assembled in the hall, and Mrs. Knight, made a call, and were in time for the program, after which tea was served by the hostesses of the party committee.

\*"K. Kelley Co. the world's great bargain sellers, are going to give the people of Wetaskiwin and vicinity the bargains of their lives at the big sale at Fowler & Co's. Don't forget the opening date, Wednesday, May 13 at 8:30 a.m."

The concert given in the Methodist church on Friday evening last, by Miss Cecilia Corbett and Miss Bernice Plinke was one of the best ever given in the city. The church was nicely decorated with flowers and the audience and number was no heartily applauded that several encores were rendered.  
Among the new buildings to be erected this year will be an up-to-date delivery, feed and sale stable on Railway street east. It is the intention of Geo. Bush to remove the "Red Barn" and replace it with a modern structure 100x32 feet in size. Plans are now being prepared for the building.

**BOWLERS DEFERAT**  
CAMROSE TEAM  
The Camrose aggregation of bowlers met defeat at the hands of the Wetaskiwin team on Friday evening, the home team winning out in four games played by 329 pins. Neither team showed extra good bowling, the Wetaskiwin men not being up to their usual standing and some small scores were the result. G. Graham made the high score of the evening, both in the single game and in the aggregate, bowling 175 and 102 respectively. For the Camrose team 113 was the highest individual score and 552 the highest for the four games by one man, this being held by E. D. Erickson.

**SUPREME COURT SITTINGS**  
Sittings of the supreme court, are being held at the court house here this week, with His Honor Judge Scott presiding. Eight cases are on the docket, as follows:

Clarke vs. Hinkman.

**FORMER WETASKIWINITE IN THE LIMELIGHT**  
The singing of Mrs. J. C. Donaldson (nee Miss Hope West) is evidently as popular in Brandon as it was in Wetaskiwin. In an amateur play "Pirates" in which Mrs. Donaldson took the leading part, the Brandon News says:  
"The part of Mabel was in very good hands. Mrs. J. C. Donaldson appeared as quite the thing. She looked, acted and sang the part of Major Stanley's fairest daughter and secured several raptures."  
Referring to the same performance, the Brandon Sun says: "Nearly all traces of nervousness so apparent on Monday night to perfection. Her part was played as if by a professional everyone played as to the manner born. Both Mabel (Mrs. Donaldson), and Frederick (L. Dighton) did some splendid work, and were especially strong in that affecting scene where Frederick declares that, finding he is only 51 instead of twenty-one years of age, he must return to the pirate life and give up all hopes of a future of bliss with the devoted Mabel."  
**NOW ON THE HOME STRETCH**  
The contest among the Garbutt Business College Students for the Talbot Shield, a meeting of the close and conclusive interest is intense. For the remainder of the month only the names of the five leading for the week will be published. Below are the names of those leading for the week ending April 25th:  
Miss Edmonds  
Miss Webster

Gordon Wilkins, of the Imperial Hotel of Canada, left on Saturday last for Athabasca Landing, where he will be in charge of the staff for a couple of weeks.

**WETASKIWIN'S GAS.**  
Wetaskiwin has passed a by-law by a large majority providing for the sinking of two new gas wells. The success of that from which a supply has been derived during the past ten months is unquestionably such as to warrant the further outlay. The flow has been continuous and shows no diminution, so that it can be more pocket than has been tapped. The plan up to the present has been to utilize the supply altogether for power house purposes and it has been the means of effecting a very large saving there. With new wells it is hoped that it will be possible to provide for the general needs of the city.  
In view of the many disappointments that have occurred in this part of the province in prospecting for gas, it is very gratifying to learn of the outcome of the enterprise. It will serve to encourage many other municipalities including Edmonton which, at a distance of forty miles must follow Wetaskiwin's lead by giving information to their own wells, which has been kept secret.

We have put our word to the people and you know how we have always kept it. This sale will mark an epoch in the history of Merchandising and after an event so startling in wonderful bargains that memory of all past sales will be forgotten in the wild, frantic rush to gather up the endless array of merchandise in this vast store.

but with the bare facts staring us in the face, that we have on hand three times as much merchandise as we can possibly dispose of in a regular way between now and July 1, and it is imperative that we should resort to the most desperate measures in order to unload at least one-half of this immense stock in this short space of time.

In plain language, we are going to sell everything from cellar to garret at prices that will make your lean purse look like the biggest bundle of greenbacks you ever possessed. ## LIVE WIRE WANTS AGRICULTURE EXHIBITION

One of the most important meetings yet arranged by the Edmonton Industrial association was a conference held by the committee on agriculture with representatives of the board of trade within a radius of 150 miles of Edmonton, on Thursday afternoon in the parlors of the Empire hotel. Realizing that the continued prosperity of Edmonton depended upon the development of the occupied land immediately surrounding Edmonton, a letter was sent by the industrial association to fifty boards of trade in towns in this territory, outlining a tentative plan of establishing in a central location in Edmonton a permanent agricultural exhibit embracing the whole territory and inviting each board to send delegates to meet with the association and discuss the plan.

The Worshipful Mayor McManera welcomed the delegates to the city and assured them of his hearty co-operation. Thomas W. Miller, chairman of the committee on agriculture outlined the plan recommended by the association which embraced the renting of a large ground floor store near Jasper Avenue and First St. until the association could erect its new building, the displaying therein of agricultural exhibits to be gathered under the auspices of the various boards of trade; the engagement of a competent man to take charge of the exhibits and to care for all visitors; and the preparation and distribution of literature describing each district in detail, giving prices of farm lands and a list of lands open for homestead or purchase; the cost of maintaining such exhibit to be met by a small charge for visiting lands only. President W. J. Magrath stated that the cost to each district should not be more than \$200 per year, and that most of the districts participated, the cost should not exceed \$100 per year.

Each one of the delegates was called upon to express his opinion and each one stated that he believed the plan to be the best that had ever been submitted for the development of Central Alberta. The following resolution was unanimously adopted:

"That it is the sense of the representatives of the boards of trade at this meeting that the scheme outlined by the Edmonton Industrial Association is a feasible one, and that it be heartily endorsed, and that the boards of trade represented by the delegates present be requested to co-operate with the Edmonton Industrial association in securing appropriate exhibits from their districts and in paying their pro rata share of the expense of maintaining such exhibit."

The delegates present pledged themselves to begin at once the preparation of an exhibit from their districts, and to gather a list of farm property available for occupancy.

"Get in line and follow the crowds to the big sale at Fowler & Co's. You can't afford to buy a single dollar's worth of goods until the opening day. This is not a sale with a few things marked down, but the biggest sale we have ever attempted. Everything in the entire store is on sale."

A good story is going around about a certain Irishman employed by the Russ' Motor Co. The manager was compelled to dismiss him, but did not care to tell him personally, so he sent the notice of discharge in a letter. Next day Pat was missing, but some days later the manager found Pat working as usual. "Say, Pat," he said, "did you get a letter from me?" "Oh, did, sir," was the reply. "Did you read it?" "Yes, sir, of read the inside an' on the outside, an' on the inside it said ye fired me, an' on the outside it read 'Returns in ten days to the Russel Motor Co.'"

## REGULATIONS FOR HOMESTEADING DISCUSSED

Ottawa, May 6.—There was a long discussion in committee of the commons today on Hon. Dr. Roche's bill to amend the Dominion Lands Act. The bill aims at making some of the conditions in regard to homesteading and the securing of pre-emptions in the west less onerous than they have been. One important provision is that a homesteader will have a right to take up a pre-emption three years after he has secured the title to a homestead, or he may purchase a pre-emption at once for \$3 per acre, provided 50 acres are broken and under cultivation. Another provision is that instead of performing homestead duties such as have been prescribed in the past a settler may keep a certain amount of stock on the land. The idea is to encourage mixed farming.

While there was considerable criticism of the general administration of western lands by opposition members no exception was taken to the proposals of the minister to make matters easier for the western settler.

W. A. Duckan, Medicine Hat, advocated the abolition of the payment of interest in connection with the purchase of pre-emptions a speech made during the afternoon. Mr. Knowles advocated the same thing at the evening session. Dr. Roche agreed to let the clause relating to pre-emption stand over until the suggestions could be further considered.

M. Douglas of Strathcona moved that pre-emption privileges be extended northward to include the Peace River and other northern districts suitable for cultivation. Dr. Roche thought it would be wiser for the present to encourage mixed farming in the older districts than to send homesteaders into the far northwest where transportation facilities are lacking. The proposal was negatived on a standing vote. Good progress was made with the bill but it was not disposed of.

## I OWE MY LIFE TO "FRUIT-A-LIVES"

They Did Me More Good Than All Other Treatments Combined

PAINESTON, ONT., June 20th, 1913  
"I really believe that I owe my life to 'Fruit-a-lives'. Ever since childhood, I have been under the care of physicians and have been paying doctors' bills. I was so sick and worn out that people on the street often asked me if I thought I could get along without help. The same old stomach trouble and distressing headaches nearly drove me wild. Some time ago I got a box of 'Fruit-a-lives' completely cured me. Today, I am feeling fine, and a physician meeting me on the street, noticed my improved appearance and asked me the reason. I replied, 'I am taking Fruit-a-lives'." He said, "Well, if 'Fruit-a-lives' are making you look so well, go ahead and take them. They are doing more for you than any other medicine."  
Mrs. H. S. WILLIAMS.  
"Fruit-a-lives" are sold by all dealers at 50c a box, 6 for \$2.00, trial size 25c, or sent on receipt of price by Fruit-a-lives Limited, Ottawa.
